

Max-Flat

13oz Block Out Media

Product Description

Galaxy Max-Flat 13oz Block Out Media benefits from a polyester base to ensure stable, anti-curl properties, a grey back for opacity, and a smooth surface for vibrant colour performance, making it a perfect choice for banner stand applications.

The premium composition and anti-scratch surface, also means that no lamination is required. The media is available in 36" and 54" widths.

Ink Compatibility: S ES UV

Advantages

- Anti-scratch finish
- Block out
- Stay flat

Applications

- Retractable banner stands
- Indoor signage
- Outdoor signage
- Trade show panels
