

Pro Block

410 Hybrid Media

Product Description

Galaxy Pro Block 410 Hybrid Media is a premium display film, typically used in banner stand applications. It is a synthetic 'stay flat' product, with a scuff resistant, satin crystal finish.

It is designed to be used without the need for over lamination, therefore offering a faster production speed and lower cost. This material is capable of producing vibrant colours and has a grey 'stop light' backing for extra opacity.

Ink Compatibility: L S ES UV

Advantages

- Anti-scratch finish
- Block out
- Stay flat

Applications

- Retractable banner stands
- Indoor signage
- Outdoor signage
- Trade show panels
